Dual Master’s Degree in Statistics

The Dual MA Degree in Statistics is offered only to students enrolled in a Ph.D. program other than Statistics at Penn. Please note, students can only pursue ONE research master’s degree en route to their Ph.D. Penn Law, Medicine, Dental, or Vet school students will not be permitted to enroll in the program.

The requirements are completion of the following:
(1) Six 500 level or 900 level Statistics Department courses.
(2) Four additional approved Penn courses with statistical content. These can be Statistics Department courses or courses from other departments.
** Approval of the student's list of 10 courses for (1) and (2) is subject to approval of the faculty advisor for the Dual Master’s in Statistics.
**A minimum grade of B- or better is required for each course. Effective 1/16/2017.
(3) An approved master's thesis. The master's thesis is a research paper that makes substantial use of statistics and is not part of a student's dissertation (though it can be related to the dissertation work) or material you completed for a course (though it can build on a paper completed for a course). The thesis can be original research or can be a literature review of some area of statistics related to a student's research. The thesis must be approved by a standing faculty member in the Statistics Department who has agreed to serve as an adviser for the project.

Faculty Advisor for the Dual Master's in Statistics: Professor Dylan Small (dsmall@wharton.upenn.edu; 215-573-5241). Effective 1/9/2018

To Apply for the Program:

- Contact the Advisor for the Dual Master’s in Statistics to discuss your plan of action and complete a Plan of Study for Individualized Joint or Dual Degree form. We recommend waiting until the end of your first year to complete this form. The form must be signed by your home department faculty chair/Coordinator, your home department/school’s graduate dean, and the Faculty Advisor for the Stat Master’s.
- Bring your completed Plan of Study for Individualized Joint or Dual Degree form to the Wharton Doctoral Program Office to obtain a signature from the Vice Dean.
- You will not be permitted to take courses in the program until you receive approval from all listed above.
- Upon completion of the 10 course requirement, complete the following forms and submit to Wharton Doctoral Programs Office (SHDH 430 or email them to gmurray@wharton.upenn.edu):
  - Certification of Doctoral Preliminary Examination
  - Certification of Research Paper Acceptable for Master’s Degree
  - Planned Program of Study for Degree Candidates
- Apply for the degree here: https://fission.sas.upenn.edu/sso/gas/degree/app-start.php

**Note: The University does not allow students to triple count courses for multiple degrees (i.e. you cannot count a course toward your Statistics Masters, course of study Masters, and course of study PhD)

Degree and dissertation policies and procedures can be found on the Doctoral-Inside website. Any questions can be sent to Gidget Murray (gmurray@wharton.upenn.edu or 215-898-2619).
Plan of Study
for Individualized Joint or Dual Degree

University of Pennsylvania Ph.D. students must use this form to propose individualized study for:
- a joint degree (e.g., where the student completes the degree requirements of two graduate programs and earns a Ph.D. degree)
- a dual degree (e.g., where the student enrolls in different degree programs and earns degrees in each, such as Ph.D.-M.S.Ed).

The purpose of this form is to document approval of the proposed plan of study, and to clarify the academic and financial expectations of all parties. Ordinarily, this form will be completed and signed prior to the doctoral qualifying examination.

Student's Name____________________________

Penn ID _______________________

Local Address_______________________________

Telephone (__)________________________ Email ____________

Home School ____________ Second School ____________

Primary Degree Program Anticipated Second Degree

List any courses that will be approved for credit toward both programs (i.e., any courses that will be double-counted):
